

Claas Reimer – Heartbeat (CLSRM 012)

Releasedate: February 20, 2020

Claas Reimer delivers again a bunch of fresh tracks with a minimal approach, combining cool rhythms with melodic, funky, dub, jazz and space elements.

With his album Heartbeat he is offering a wide range from groovy Tech House to slamming Techno and Electro as well as some deeper and chilled pieces of Electronica.

Both suitable for listening at home and for the use in the club.

All information about each single track is listed on the following page.
